

Technical drawing of the CM-144 antenna. The drawing includes a side view on the left and a front view on the right. The side view shows a horizontal antenna with a total length of 144 cm. The front view shows the antenna's profile with a height of 24 cm at the base and a mounting bracket height of 10 cm. The antenna has a central feed horn and a long boom with a diameter of 9.6 cm. The boom is supported by a bracket with a height of 45.16 cm. The drawing also includes a detail of the boom's end with a 0.5 G tolerance and a 0.1 mm dimension.
